

Serial No. 10/719,750

REMARKS

The aforementioned deletions and insertions to the Title Page, Abstract, and the Specification, indicated in the accompanying marked up copy, are believed to be in compliance with CFR 1.121. Please insert the entire rewritten text as it is presented, without corrective markings, in the accompanying replacement copy of the Specification.

The applicants have amended certain descriptions in the Specification and the Claim with the objective of presenting a full, clear and complete description of the cultivar in order to comply with 37 CFR 1.163 and 35 U.S.C. 112 and to overcome the objections listed in the Office Action dated 3/08/2004. Specifically:

In response to the objections set forth in paragraph A of the Office Action, the Specification has been amended to correct the disclosure of the botanical classification of the claimed plant.

In response to the objections set forth in paragraph B of the Office Action, the Specification has been amended to correct the language referring to the variety described in chart 1.

In response to the objections set forth in paragraph C of the Office Action, the Specification has been amended to delete the redundant period.

In response to the objections set forth in paragraph D of the Office Action, the Specification has been amended to remove references to sepals, and to insert tepal.

In response to the objections set forth in paragraph E of the Office Action, the Specification has been amended to correct reference to the lower surface of the tepal.

In response to the objections set forth in paragraph F of the Office Action, the Specification has been amended to provide additional botanical descriptive data referring to the tepals, including base description as well as the RHS designation for the color of upper and lower surfaces of the tepals. Additionally, applicants have moved the section describing tepal color, underneath the subheading "Tepal".

In response to the objections set forth in paragraph G of the Office Action, the Specification has been amended to set forth the typical spread of the instant plant.

In response to the objections set forth in paragraph H of the Office Action, the Specification has been amended to clarify the reference to the dimensions of the leaflets.

In response to the objections set forth in paragraph I of the Office Action, the Specification has been amended to clarify reference to the size of petioles of the claimed plant.

In response to the objections set forth in paragraph J of the Office Action, the Claim has been amended as suggested by the Examiner.

In response to the objections set forth in paragraph K of the Office Action, the Abstract of the Disclosure has been amended to clearly state that propagations have been asexual.  
amended to

In response to the objections set forth in paragraph L of the Office Action, the Abstract and Specification have been amended to change the page numbering.

For all the reasons listed above, the applicants respectfully submit that the errors in the Specification are corrected, and that the claims comply with Section 112. The application is believed to be in condition for allowance, and notice thereof is respectfully requested.

The undersigned is authorized to act on behalf of the assignee, Poulsen Roser A/S.

Respectfully submitted,
